Bangladeshi	Other Asian background	Black Caribbean
Black African	Other black background	Chinese

Have you been in the armed forces?	Yes	No
Are you an army veteran?	Yes	No
Are you a reservist?	Yes	No

Carers

Our GP surgeries recognise the importance of identifying and supporting carers and referring them to appropriate services and also adding them to our carers register.

Do you have carer? **YES NO**
 Is the person looking after you a family member, friend of neighbour? **YES NO**

Are you looking after someone? **YES NO**
 If you answered YES to the above questions, please ask at reception as there is a form to fill in and hand back to the surgery. Once signed, we can code your records and add you to our carers register.

Is the person you look after **ill, frail, disabled or has mental health issues** – please circle or add **other**.....

Are you a paid carer? **YES NO**
 If yes, who is your employer?.....

Interpreter services

“The practice provides telephone interpreting and documentation services through Capita and will translate any information it publishes into the appropriate language upon request.

Should you need interpreting services, please ensure the practice is made aware at the earliest possible time by telephoning the surgery to avoid delays in provision. The practice will make provision for longer consultation times to assist with any difficulties you may have.”

We may want to contact you by email or SMS. If you would like us to contact you in these ways, please provide your details below. This could be to remind you about an appointment, for follow up details about a letter or test results from the GP or following a consultation or we send you our latest newsletter or other information.

Mobile Number:

Email address:

Consent **GIVEN** – signed.....

Consent **NOT** given – signed.....

Your Doctor

You may be aware from April 2015 all practices are required to provide all their patients with a named GP who will have overall responsibility for the care and support that our surgery provides to them. **Your named GP will be Dr Carly Rosier**

This does not prevent you from seeing any GP in the practice. You do not need to take any further action, but if you have any questions, or wish to discuss this further with us, please contact us.

Advocacy Services

What is advocacy?

Advocacy is about standing with someone and encouraging and supporting them to know what they want in their lives and what they want to say and to have that want voiced. Many people have family representatives but on occasions a patient may need someone independent to stand in their corner. That is what an advocate does.

Should you need to access the advocacy service then please contact Peaks and Dales Advocacy by telephoning 01298 79539 or by email padaf@btconnect.com

You can also access the website for further information at: www.peaksanddalesadvocacy.org.uk

Patient Access

You can order prescriptions and book/cancel appointments online via the website and app 'Patient Access'. To sign up for this service please show photographic ID to reception who can then print your unique user details.

ORDERING REPEAT MEDICATIONS

At Imperial Road If you would like your prescriptions to be automatically sent electronically to a specific chemist please advise us here, this means no paper prescriptions to collect! Requests can take 2 full working days from ordering.

Please tick one:

Peak Pharmacy Bank Road (formerly Manor) Boots in Matlock,
Hibbards in Darley Dale, Paynes in Wirksworth,

Other Chemist including the postcode.....

.....

Ashover Medical Centre is a dispensing practice so your prescription can be dispensed and collected from the surgery.
Requests can take 3 full working days from ordering.

Private Services

Some of the services we offer are not provided by the NHS and there is therefore a charge for these, e.g. HGV Medicals, Holiday cancellation forms, Insurance medicals. The cost of these can vary, please check with the surgery for our up to date fees.

Please see website for information on the services we provide.

www.imperialrdgroupsurgery.co.uk

www.ashovermedicalcentre.co.uk

If you require any information or communication in other formats or have any accessibility queries or requirements, please contact the practice to discuss.

Matlock & Ashover Practice

Dear Patient

Summary Care Record – your emergency care summary

The NHS in England introduced the Summary Care Record several years ago and is used in emergency care.

The record will contain information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines you have had to ensure those caring for you have enough information to treat you safely. You may if you wish also request that your summary care record shows additional information to healthcare professionals in order to give them more information when deciding on the best course of care for you. If you wish to have this on your SCR, please alert the surgery.

Your Summary Care Record will be available to authorised healthcare staff providing your care anywhere in England, but they will ask your permission before they look at it. This means that if you have an accident or become ill, healthcare staff treating you will have immediate access to important information about your health.

Your GP practice is supporting Summary Care Records and as a patient you have a choice:

- **Yes I would like a Summary Care Record** – you do not need to do anything and a Summary Care Record will be created for you.
- **No I do not want a Summary Care Record** – enclosed is an opt out form. **Please complete the form and hand it to a member of the GP practice staff.**

If you need more time to make your choice you should let your GP Practice know.

For more information talk to our Patient Advice and Liaison Service (PALS) 01246 512640, GP practice staff, the Practice Manager, or www.nhscarerecords.nhs.uk or telephone the dedicated NHS Summary Care Record Information Line on 0300 123 3020.

Additional copies of the opt out form can be collected from the GP practice, printed from the website www.nhscarerecords.nhs.uk or requested from the dedicated NHS Summary Care Record Information Line on 0300 123 3020.

You can choose not to have a Summary Care Record and you can change your mind at any time by informing your GP practice. If you do not want a summary care record to be created, you need to send in the Opt Out form as soon as possible to the Surgery. Until we receive the opt out form, you will have a summary care record created for you.

Children under 16 will automatically have a Summary Care Record created for them unless their parent or guardian chooses to opt them out. However, if you have a child who is 16, they will be written to independently by the Surgery and will be able to make their own decision regarding whether to have a Summary Care Record.

PATIENT DATA SHARING OPT-OUT FORM GP Record Sharing Consent

Dear Patient

We are writing to you because we need to check if you wish to take part in the local 'Derbyshire Health and Social Care Community' local sharing initiative.

The sharing initiative will allow doctors, nurses and other register health and social care professionals locally to provide better care and work more effectively and efficiently if relevant information about you can be shared among local agencies providing your care. Sharing your records means health and social care workers have your most recent up to date information held on the GP record. It also means you don't have to repeatedly provide the same facts, have unnecessary tests and it may prevent you been given medicine that you are allergic to.

The professionals caring for you will always seek you consent before they open your records holding your information.

If you do NOT wish to take part in the 'Derbyshire Health and Social Care' local sharing initiative, doctors, nurses and other registered health and social care professionals will NOT be able to access your information held in the GP record in an emergency situation. For example if you are unconscious and unable to give consent.

If you wish to opt out of local information sharing, please tick the box below.

Wish to opt out of local information sharing

Name: Date of Birth:

Address:

..... Post Code.....

Signed..... Date.....

YOU CAN REQUEST TO CHANGE YOUR SHARING PREFERENCES AT ANY TIME BY CONTACTING YOUR PRACTICE.

It is possible to make certain sensitive information "private" (only viewable to your practice) while allowing the rest of the record to be viewed. You will need to discuss this with your GP practice.

Your current sharing preferences will remain unchanged unless we hear from you. For example, your registered opt out of the National Summary Care record remains unchanged and doesn't need any action on your part because of the letter. For more information about the Derbyshire Health and Social Care local sharing initiative, please visit:

<https://derbyshirehealthcarerecords.org.uk/>
